

## Public Comment Sessions on Four-Year Plan for Aging Services and Transportation Needs

Senior Connections, The Capital Area Agency on Aging is updating its **Area Plan for Aging Services**. This Four-Year Plan sets forth objectives for providing services under the federal Older Americans Act through the Virginia Department for Aging and Rehabilitative Services (DARS). Services allow older adults and caregivers greater independence and support so they can remain in their homes and communities. The Agency will hold **three public comment sessions in June** for input from the community about priorities, ideas for future directions, and transportation needs. You are invited to attend these sessions. We welcome your input. Please bring a friend or an associate!

**TIME** 10:00 a.m.
